In accordance to the UI GreenMetric World University Ranking RUDN University is the most “green” Russian university and one of the greenest in the World. The RUDN University is located nearby the parkland covered 50 hectares.

# International Students Dormitories

---

The dorms are 500 meters away from the academic buildings

*Comfortable rooms or apartments with every convenience — bath-room, equipped kitchen, Internet connection (wi-fi), satellite TV*

## **How many people live in one room?**

Rooms are for 2-3 people

## **Does the dorm building have additional facilities?**

There is a laundry, a reading hall, a cafeteria, a food market and a storing room

## **What is the fee for dormitory?**

15 USD / 13 EUR per day per person

## **Accessible Environment**

For people with disabilities there are created conditions that help them to easily overcome the required route: updated pedestrian crossings through Miklukho-Maklaya Street, which separates the main educational buildings from the University's residential buildings. One of the crossing is equipped with an elevator, the second - with a ramp. In the residential buildings of the University there are categories of rooms for people with disabilities.
